

**Bridging Continents and Data:
Cancer Registries for Cancer Control**

4-7 November 2025
Ege Palas Business Hotel
Izmir / Türkiye

2025 IACR SCIENTIFIC Conference

DRAFT PROGRAMME

PRE-CONFERENCE ACTIVITIES

Tuesday 04 November 2025

Main Conference Hall, Ege Palas Business Hotel

PRE-CONFERENCE WORKSHOP: Large Language Models in Cancer Registry Innovation

AM Session

09:00 - 12:00

In this workshop, we will explore how Large Language Models (LLMs) can accelerate the work of cancer registries. The first, theoretical, part will cover how LLMs work and provide examples from cancer registries and cancer research.

Lead Faculty: Dimitris Katsimpokis, PhD Senior Clinical Data Scientist, IKNL Netherlands Comprehensive Cancer Organisation

Co-Faculty: Prof Hongmei Zeng, National Cancer Center China

Prof. Iacer Calixto, Amsterdam University Hospital

Irene Cara, IKNL (Research and Development department) and Amsterdam UMC (Medical Oncology department)

PRE-CONFERENCE WORKSHOP PM Session

13:30 - 16:00

Participants will engage in a hands-on practical session in Python, learning how to use LLMs for text classification and text generation.
Basic familiarity with Python is advised but not necessary.

IACR Board of Directors Meeting (Venue: Ege Palas Business Hotel Meeting Room - TBA)

13:30 - 16:00

(closed session)

WELCOME RECEPTION FOR DELEGATES (Venue: TBA)

18:00

2025 IACR SCIENTIFIC Conference

IACR 2025 Day 1, Wednesday 05 November **Main Conference Hall, Ege Palas Hotel**

Opening Session

08h30 - 10h30

8:30 AM Moderator and introductions: IACR 2025 Scientific Conference Host/s
Local dignitaries

9:00 AM **Keynote Lecture: Regional-level efforts and collaboration in
strengthening cancer registration and use of cancer registry data for
cancer control**

Dr Heba Fouad

Discussion moderated by Sultan Eser / Ariana Znaor

9:30 AM **Coffee Break**

10:00 **Plenary Session 1: Descriptive Epidemiology (10h00 - 11h30)**

AM *Presentations followed by discussion after the last presenter*

*Smoking Cessation in the Netherlands Can Prevent Over 120.000 Cancer
Diagnoses In 22 Years' Time*

Jelle Evers

*Over One-Third of Cancer Cases and Two-Fifths of Cancer Deaths in Southern
China Are Preventable: Insights from the latest Representative Population-
Based Cancer Registry Data and risk factor Survey*

Xiaolan Wen

*Persistent Inequities in LOCP Cancer: Evidence from 27 Years Of Data In
Sergipe, Brazil*

Carlos Anselmo Lima

*Quality indicators over time of European cancer registries data submitted to
the European Cancer Information System*

Joanna Julia Bartnicka

*Twelve labours to better find, access and utilize linked cancer registry data:
results from HERACLES*

Gijs Geleijnse

**Bridging Continents and Data:
Cancer Registries for Cancer Control**

4-7 November 2025
Ege Palas Business Hotel
Izmir / Türkiye

2025 IACR SCIENTIFIC Conference

*Comparison of ICD-10 and ICD-11 compliant cancer incidence using the
Japan National Cancer Registry*

Ayako Okuyama

**11:30 AM Special Presentation: Use of Cancer Registration Data in Contributing to
Evidence-Based Cancer Prevention and Control in China**

Prof Jie He

12:00 PM LUNCH BREAK

**1:30 PM Concurrent Session 1A: Descriptive epidemiology
13h30 - 15h30**

*The Epidemiology Characteristics of Retinoblastoma in Rwanda: Data from
Rwanda National Cancer Registry 2015-2024*

Jean de Dieu Hategekimana

*Spatiotemporal Analysis of Liver Cancer Considering Risk Factors:
Hepatocellular Carcinoma and Cholangiocarcinoma in South Korea*

Eunhye Park

*Impact of the Covid-19 Pandemic And War on Cancer Incidence and Age
Distribution in Ukraine, 2019-2023*

Olena Soumkina

*Cervical Cancer in Kyrgyzstan: Population-Based Trends in Stage and
Mortality, 2016-2023*

Elena Ten

Cancer In Sub Saharan Africa

Biying Liu

*Central Nervous System Tumors in the Veneto Region, Italy: Incidence,
Treatment And Survival By Histotype*

Stefano Guzzinati

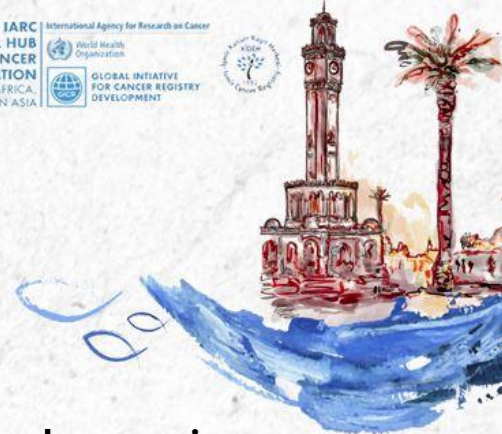

*Epidemiological Characteristic of very rare lymphoid malignant hemopathies
in A French department*

Marc Maynadie

*The Impact of the Covid-19 Pandemic on Cancer Diagnosis Across Countries:
An ICBP Population-Based Study*

Eileen Morgan

2025 IACR SCIENTIFIC Conference

1:30 PM Concurrent Session 1B: Stage, comorbidities, and prognosis 13h30 - 15h30

Effect of Organized Breast Cancer Screening Program on Incidence and Mortality in China

Siqi Wu Wu

Availability Of TNM Stage In European Cancer Registries Within The European Cancer Information System, With A Focus On Six Major Cancers

Cristina Bosetti

Uncovering disparities in metastatic breast cancer outcomes: an international population-based study

Hanna Fink

Breast Cancer Incidence and Stage During The Covid-19 Pandemic In The Greater Poland Region

Maciej Trojanowski

Lung Cancer in Never Smokers: A Population-Based Analysis Using Florida Cancer Registry Data

Paulo Pinheiro

Analysis of Incidence Trends and Age-Specific Patterns of Esophageal Cancer in Jiangsu Cancer Registration Areas, 2009-2021

Weigang Miao

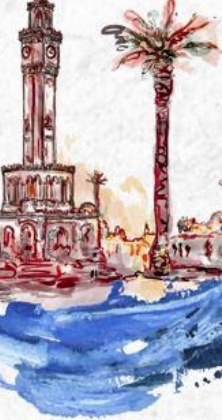

Divergent patient-disease characteristics, treatment patterns and survival outcome in de novo versus metachronous metastatic breast cancer: a nationwide comparative study

Ellis Slotman

Subsite-specific Analysis of Colorectal Cancer by Stage at Diagnosis, Treatment Patterns, and Survival in China

Jingyi Chen

3:30 PM TEA BREAK

**Bridging Continents and Data:
Cancer Registries for Cancer Control**

4-7 November 2025
Ege Palas Business Hotel
Izmir / Türkiye

2025 IACR SCIENTIFIC Conference

4:00 PM Concurrent Session 2A: Innovation, research and policy **16h00 - 17h30**

CanRegtools: an R package for Population-Based Cancer Registry data analysis

Shaokai Zhang

Diverging Trends in Early- and Late-Onset GI Cancers: Global Patterns and Projections To 2040

Shaoming Wang

Tracking Cancer Transition in India: A Compositional Perspective Using Population Based Cancer Registries (1982-2012)

Ananya K V
